

Understanding a Deductible Plan

For Example: You have a \$2,000 deductible that must be met before your insurance covers 100%. We normally collect \$225 per visit as a pre-payment towards your deductible to offset a large bill at the end of the month (or service).

For more information, please visit www.precisionperformancept.com

Visit #1

Initial Evaluation

You paid \$225 at the visit
After charges have been adjusted by insurance
patient responsibility is \$235* for visit
\$10 is still owed

Visit #2

Follow up Appointment

You paid \$225 at the visit
After charges have been adjusted by insurance
patient responsibility is \$235* for visit
\$10 is still owed

Visit #3

Follow up Appointment

You paid \$225 at the visit
After charges have been adjusted by insurance
patient responsibility is \$235* for visit
\$10 is still owed

***Please note the cost of each visit may differ depending on the services, treatment, or activities provided at the visit.** Your first visit, the initial Evaluation, will most likely be the most expensive due to the complexity of the examination.

AFTER - INSURANCE PATIENT RESPONSIBILITY	PATIENT PRE-PAY	BALANCE OWED FROM PATIENT
Visit #1 \$235	(\$225)	\$10
Visit #2 \$235	(\$225)	\$10
Visit #3 \$235	(\$225)	\$10
